

Parkhill Skate Club

Sponsorship

The Parkhill Skate Club is proud to be celebrating their 50th year of providing quality skating programs to local skaters. For half a century, our club has helped skaters take their first strides on the ice, develop their skills, and even compete at national levels. While some have gone on to pursue figure skating professionally, many others have carried their skills and confidence into hockey, ringette, and beyond.

We recognize that many organizations, like yours, are asked to support numerous initiatives. However, we hope you'll consider the lasting impact your support can have on the young skaters in our community. Your contribution helps nurture their growth—both on and off the ice—continuing a proud tradition that has shaped generations of local athletes.

Thank you for your consideration.

We Greatly Appreciate Your Support!

Sponsorship Level
